Poverty: Cycles of Risk

Explore the complex intersections between poverty and the risk factors that often accompany it—such as trauma, housing instability, and substance misuse. In this eye-opening training, participants will challenge personal perceptions and examine the root causes and systemic conditions that perpetuate poverty. Through experiential learning, including a poverty simulation, you'll gain new insight into the daily realities of those living in poverty and walk away with community-based strategies to support lasting change.

Supporting Children's Development Using Concepts from "A Little Spot of Emotion"

Using concepts inspired by A Little SPOT of Emotion, participants will explore simple strategies for teaching emotional awareness, supporting self-regulation, and creating an environment where children feel safe expressing their feelings. Through hands-on activities and discussion, educators will learn how to integrate these ideas into daily routines, circle time, and play.

Child Care Connection of Central Illinois

October 2026

Our *Exploring the Family Child Care Environment Rating Scale-Revised (FCCERS-R)* workshop series offers stand-alone training sessions that dig into the real elements of quality in family child care, from your physical environment to the experiences you offer children every day.

You're already doing meaningful work — this series helps you see it, name it, and build on it.

Each session can be attended on its own, so jump in wherever you'd like. And keep watching — new sessions will be rolling out all year long!

Talk, Read, Connect: FCCERS-R Language & Books

Strong language and literacy experiences begin with meaningful interactions. This training explores the FCCERS-R Language & Books items and how family child care providers can create a language-rich environment that supports children's communication, early literacy, and learning. Participants will discover practical strategies for engaging children in conversations throughout the day, selecting and using books effectively, expanding vocabulary through play, and incorporating literacy experiences into everyday routines. Through discussion and real-world examples, providers will learn how intentional interactions and accessible books help build the foundation for lifelong learning while supporting higher-quality practices.

Focusing on Relationships Pyramid Model for Infants & Toddlers Module 2

In Focusing on Relationships, participants will explore the importance and complexities of developing relationships between caregivers, families, and children. Participants should leave understanding that social-emotional development takes place within the context of relationships, so strategies to support development must prioritize building relationships. This training covers topics such as reflecting on participants' past and current relationships, as well as addressing issues related to culture, diversity, race, equity, risk, and protective factors.

Child Development, Health & Safety Basics

This training offers a broad overview of child development and essential health and safety practices for children from birth through early school age. Participants will explore developmental domains—cognitive, language, physical, and social-emotional—and examine the importance of play, nutrition, and developmentally appropriate practices in fostering healthy growth. The training addresses strategies to prevent and control infectious diseases, maintain effective health records and policies, and safely administer medications. Key topics include child wellness, allergy prevention and response, Shaken Baby Syndrome, and Sudden Infant Death Syndrome. Participants will also learn to identify and manage common indoor and outdoor hazards, handle hazardous materials safely, and develop emergency plans for natural and human-caused events.

Teaching Personal Boundaries and Personal Space

Young children are still learning how to navigate friendships, personal space, and physical interactions with others. This training will explore age-appropriate strategies for teaching children about personal boundaries, respecting the boundaries of others, and understanding that everyone has different comfort levels. Participants will learn practical ways to model and reinforce boundary-setting, support children in communicating their needs, and address common situations involving hugging, grabbing, rough play, and personal space. Attendees will leave with developmentally appropriate activities, language, and tools that can be immediately applied in early childhood settings.

Bringing Stories to Life: Creating Interactive Storytelling Kits

Stories come alive when children can see, touch, move, and participate in the telling. In this hands-on make-and-take workshop, participants will create an interactive storytelling kit designed to increase children's engagement, language development, comprehension, and love of books. Participants will explore ways to use props, puppets, story sequencing pieces, and interactive materials to extend children's learning before, during, and after reading. Through discussion and hands-on creation, providers will leave with a completed storytelling kit and practical ideas for using books to support literacy, imagination, communication, and meaningful learning experiences in their programs.

Building Social Skills in Young Children Using Concepts from "A Little Spot of Emotion"

Children learn to name their feelings-now what? This workshop bridges the gap between recognizing emotions and actually managing them. Participants will explore what self-regulation looks like, why some children struggle more than others, and practical in-the-moment strategies for co-regulating alongside children when big feelings show up. Rooted in brain development basics and grounded in everyday child care practice.

Group Care **Program for Infant Toddler Care Module 2**

Group Care introduces special considerations in caring for infants and toddlers and six program policies that support the development of emotionally secure relationships and mental health in the group care setting. An overview of the content of Module 2 explores the ideas of primary care, well-designed learning environments, positive impact of responsive caregiving routines, and individualized care on the well-being and development of children from birth to three. Attention is also given to how the policies of primary care, small groups, continuity of care, culturally responsive care, and inclusive care of children with special needs prove the foundation for high quality infant/toddler care. At the end of this module, participants will have the tools to use primary care in their home or classroom, make engaging environments, assist children in daily routines, and individualize care for all children.

Play, Explore, Create: FCCERS-R Activities

The FCCERS-R Activities subscale examines the variety, accessibility, and quality of materials and experiences available to children in family child care settings. In this training, participants will take an in-depth look at the Activities items within the FCCERS-R and learn how indicators are applied during an assessment. Participants will explore best practices for supporting children's development through art, music and movement, blocks, dramatic play, fine motor activities, nature and science experiences, math materials, and opportunities for active physical play. Through examples and discussion, providers will identify strategies to strengthen activity areas, increase children's engagement and independence, and create learning environments that support higher quality FCCERS-R outcomes.

Reframing Autism in Early Childhood: Strengths, Supports and Strategies

Join us for an insightful and empowering session designed for early childhood professionals who work with Autistic preschoolers or are looking to build inclusive, responsive classrooms. This training will highlight fresh perspectives and practical strategies inspired by leading experts in the field. Together we will explore how to recognize and appreciate Autistic traits through a strength-based lens, the power of deep interests in supporting early learning and engagement, sensory supports that make a difference in daily routines, real-world strategies for navigating power struggles and visual supports that promote independence and connection.

Potty Mastery: Building Confidence Through Toilet Learning

Moving from diapers to the toilet is an important milestone that can be approached with confidence, connection, and respect for each child's unique developmental journey. This two-part training series introduces participants to a relationship-based model that shifts the focus from "potty training" to "potty learning." Participants will explore how to support children in taking ownership of the toileting process while adults provide guidance, encouragement, and responsive support. Through discussion and practical examples, participants will learn how to recognize readiness signs, create supportive routines, respond to setbacks without power struggles, and replace rewards, bribes, and sticker charts with strategies that build confidence, independence, and healthy relationships. Whether working in family child care, centers, or supporting families, participants will gain tools to help children navigate toilet learning with less stress and greater success.

Teaching Consent, Safe Touch, and Body Safety

Teaching consent and body safety begins in early childhood and helps build a foundation for healthy relationships, self-advocacy, and respect for others. In this training, participants will learn how to introduce concepts such as asking permission, respecting a child's "no," distinguishing between appropriate and inappropriate touch, and supporting children in recognizing and communicating their feelings of comfort or discomfort. The session will provide practical strategies, discussion prompts, and classroom activities that help children develop body awareness, personal safety skills, and respect for the boundaries of their peers.

Illinois AEYC Growing Futures Conference

October 15-17, 2026, in Springfield, IL @ the Crowne Plaza!

Register at <https://illinoisaeYC.org/conference/>

CCR&R Training Policies

The following training policies apply to all SAL Child Care Connection of Central Illinois program sponsored trainings. Participants must register for trainings by the registration deadline listed. Registrations are accepted on a first-come, first-served basis.

To register for hybrid trainings, please choose either the In-Person or Virtual option on the website when registering. Once you are registered, we will send you a confirmation email before the training with a Zoom link to join the training. We will also send you a reminder email in advance of the training to remind you that you are registered. If you are unable to attend any training, please contact us at: 309-686-3750, Option 3.

Attendance Rule: Training attendance minimums must be met or the training will be cancelled. Participants will be notified of training cancellations by email.

Accessing Virtual Trainings: Virtual trainings can be accessed using a laptop, desktop computer, tablet, or cell phone. Contact SAL Child Care Connection of Central Illinois if you have questions or need additional support.

In-Person Trainings: Face masks are optional. Please do not have anyone else attend the training with you unless they are registered to take the training.

Late Arrivals: A fifteen-minute grace period will be given at all training sessions (virtual or face-to-face). This grace period ends 15 minutes after the advertised start time. Participants will not be allowed into the training after the 15-minute grace period has ended.

CCR&R Training Policies

Early Departures: To receive a training certificate, participants must stay until the training is finished. If a participant leaves early, no hours or training certificate will be awarded.

Training Participation: Participants must actively engage in training to receive a certificate and training hours. Engaged is defined as participating in polls, using the chat box, sharing, and exchanging ideas, etc. Cameras must be on during most portions of virtual training. To ensure participants are safe and able to engage fully during the designated training time we ask that you refrain from activities that take away from your participation. Activities such as attending another training, shopping, attending sporting events, or being counted in your program's ratio. It is illegal to attend a Zoom session while operating a motor vehicle.

Technical Assistance: We can provide technical assistance 15 minutes before the scheduled training time. Once the training starts there is no guarantee that the facilitator/trainer will be able to help you. This is to ensure trainings start promptly on time. If you would like to set up a practice meeting before the training, please contact us at least 24 hours prior to the scheduled training.

Professional Development Certificates & Transcripts: Participants will receive a training certificate via email. A paper certificate will only be sent upon request. Participants who need a transcript or verification of their past trainings will be directed to access their IL Gateways to Opportunity Professional Development Record at www.ilgateways.com

Make Checks payable to SAL Child Care Connection of Central Illinois.

All fees are non-refundable and non-transferable.

My signature acknowledges that I have read and understand the registration policies for SAL Child Care Connection of Central Illinois including, but not limited to: Registration fees are non-refundable and non-transferable. I will receive a confirmation email of my registration or a notice if the workshop is full/closed or canceled if my registration is received prior to or on the deadline date listed in the training calendar. A no-show indication is made on my training record if I fail to attend or cancel my registration at least 3 business days in advance of the scheduled training date. Certificates/Training Hours/Credit are not available if I arrive late or leave early. Incomplete registration cannot be accepted and payment must accompany registration form prior to or on the deadline listed within the training calendar.
